

Reach Out and Read Oklahoma Profile

Reach Out and Read prepares America's youngest children to succeed in school by partnering with doctors to prescribe books and encourage families where great stories begin[®] to read together.

Doctors, nurse practitioners, and other medical professionals incorporate Reach Out and Read's evidence-based model into regular pediatric checkups, by advising parents about the importance of reading aloud and giving developmentally-appropriate books to children. The program begins at the 6-month checkup and continues through age 5, with a special emphasis on children growing up in low-income communities. Families served by Reach Out and Read read together more often, and their children enter kindergarten with larger vocabularies and stronger language skills, better prepared to achieve their potential.

Reach Out and Read's National Impact

- Reach Out and Read Programs are located in nearly 5,000 hospitals, health centers, and pediatric clinics in all 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands;
- Reach Out and Read serves 4 million children and families annually;
- More than 6.5 million new, developmentally-appropriate books are given to children annually;
- More than 20,000 doctors and nurses currently participate in Reach Out and Read;
- Community volunteers dedicate more than 350,000 hours of service to Reach Out and Read annually.

Reach Out and Read's State Impact
